

Heverlee student residence accommodation - traveling from the Leuven train station

IPRA Conference volunteers who will have a table in the main hall of the Leuven train station to help you during the following times:

Sunday, 13 July: 14:00-midnight

Monday, 14 July: 8:00-midnight

Tuesday, 15 July, 7:30-noon

The volunteers will also provide you a map of the city with conference sites highlighted. Additionally, there will be someone at the Heverlee student residences to give you your key until midnight.

Directions from Leuven Station to Heverlee Campus

Take the bus number 2 (direction Heverlee campus) or 1 (direction Heverlee Boskant) from the train station through the centre of town and out to the Leuven ring road on the south side of Leuven. Get off the bus at the stop “Naamsepoort” (across the intersection of Naamsestraat and the ring road). We recommend you ask the driver to notify you when you get there. You will need then to walk 5-10 minutes along the ring road to the right/west, past the Delhaize grocery store, past the “OHL” football stadium. Take a left on the road just before the “GB Supermarket” on the ring road. You will see an IPRA sign here for “Heverlee university accommodation.” If you come to an intersection with traffic lights, you have gone too far. Follow the signs to a building called “De Waag” (number 10, Studentenwijk Arenberg) where you can get your room key.

If you miss the last bus from the train station (if you arrive very late), ask the taxi driver to take you to the “GB Supermarket” or the KULeuven Sports Centre on the ring road and follow the signs from there. The taxi would cost you around 15 euro in cash.

To get to the conference center

Retrace your steps back to the Naamsepoort where you were dropped off by the bus, please cross the street (to the south) and there is the number TWO or number ONE bus that can take you to the St. Michielskerk (3 stops). From the St. Michielskerk please walk back to the corner to the Deberiotstraat and the Pieter de Somer Aula is 75 meters on your left.
